

Back Country Horsemen of BC Trapping Creek Trail Cleanup and Little Trapping Horse Camp Expansion May 7-8-9, 2016

Under beautiful blue skies we had a great weekend of hard work, fun and camaraderie. 17 Okanagan Chapter members working in teams went out on various sections of the trails and most were finished and back in base camp by 2 pm. With 24 members attending Saturday we were able to also accomplish a lot at the Little Trapping Camp Expansion - The selected trees were removed, limbed, bucked and piled. Sunday had a small crew working on cleaning up the horse-keeping areas and limbing the trees in the camping areas for vehicle clearance. Monday was very busy with 11 people working on the camp expansion site. Gravel was delivered, sites were levelled and packed and the huge pile of limbs and brush was chipped. The day was wrapped up with final cosmetic touches. Sites are ready for sign and kiosk installation. Huge thanks to our volunteers, to RSTBC, to HCBC & BCHBC for much needed funding, and to WINN Rentals and Nicholls Sand and Gravel for their generous contributions to get this accomplished. Job well done!

*Some of the Saturday crew -
Was impossible to get everyone in the same place at the same time!*
